

The Early Learning Council's long-term goals:

Ensuring
family leadership

in home visiting system
transformation at state level.

Expanding
decision-making
partners

to include tribal, culturally specific
and other programs that are
outside the primary state-funded
home visiting models.

Promoting
equitable access

by mapping current services and
capacity, and facilitating strategies
that promote funding for, and
access to, culturally responsive and
culturally sustaining home visiting.

The Early Learning Council's long-term goals:

Supporting
state & regional
HV systems

for coordinated intake and referral.

Improving
proficiency, well-
being & retention
of HV workforce

by creating a roadmap for a more
efficient and effective professional
development system.

Increasing family
awareness

of, and choice in, home visiting
programs through a community
awareness communications plan.

The Early Learning Council's long-term goals:

Facilitating
effective &
aligned data
systems

by identifying and building on efforts to streamline and share data and information.

Working with
state-level
leadership

by creating a roadmap for a more efficient and effective professional development system.

Facilitating a
sustainable
cross-sector plan

for expanded funding that ensures statewide availability of high-quality, culturally and linguistically appropriate programs that meet the needs of Oregon's families.
